PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

R.C. 1073 B2/49 dated 6-8-1949.

Sub: Elementary Education- Miscellaneous- Dental Inspection of school children- Municipal Council, Mangalore

Read(1) Letter No. C2-1049/49 dated 1-3-1949 from the Commission Municipal Council, Mangalore.

(2) Endorsement C.No. 611[illegible]/49 dated 4-4-1949 of the Division Inspector of schools, Coimbatore Division.

The Director of Public Instruction observes that Dental Inspection of children in schools, however commendable it may appear to be, is likely to detract endeavour from

(1) self appointed inspection of personal cleanliness by children under the Junior Red Cross Groups scheme, which is more comprehensive and educative to the children and encouraging responsibility among them, and far less expensive costing only the annual Registration fee for the Junior Red Cross Group and the price of charts and

(2) ultimate all round Medical Inspection of School-Children. There is also the risk of deterioration of this into a routine and even perhaps nothing more than patronage.

2. The Municipal Council, Mangalore may therefore be advised to drop the proposal.

ELE. SCHOOLS - Municipal Council, Mangalore - Dental inspection of school children.

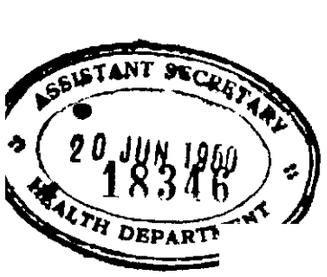
From the Commr., Municipal Council, Mangalore, No. C2/1049/49 dt.5-1
From the D.P.I. No. 1073-B2/49 dated 3-12-49.
From the S.G. No. 117598 A.2/49-50 dated 14-4-50.

On a request from the All India Dental Association, the Muni Council, Mangalore, in its resolution on 15-2-1949 sanctioned the de inspection scheme for the benefit of school children in the municipa The D.P.I. is not in favour of the scheme for the reasons that the s is likely to detract endeavour from

(1) Self appointed inspection of personal cleanliness by children un the Junior Red Cross Groups scheme, which is more comprehensive and educative to the children and encouraging responsibility among them far less expensive costing only the annual fee for the Junior Red Cr group and the price of charts and

P2cF (2) Ultimate all round medical inspection of school children. He ad the municipal council to drop the proposal as he considered that the was the risk of deterioration of the scheme into a routine and even haps nothing more than patronage. The question was again considered the municipal council on 24-9-49 and the council decided to proceed the scheme.

P3cF The approximate expenditure involved in printing the forms an award of prizes will be Rs. 400/-. The Commissioner feels that this an obligatory expenditure specified in schedule IV, Part II of the Di Municipalities Act and requests the Govt. to approve the scheme and t sanction an expenditure of Rs. 400/- to meet the expenses connected wi the scheme. It is presumed that the expenditure will be met from the general funds of the Municipal Council.



The Director of Public Health has supported the proposal of Municipal Council as he feels that it would be beneficial to school children and provide facilities to collect useful data about the co P4cF of their teeth. The Surgeon-General also agrees.

The proposal of the Municipal Council may therefore be supp in this Dept.
